

Angekis®

Toledo AT-01

HD Digital conference camera and speaker mic

The Angekis Toledo AT-01 is a digital conference video phone integrated with audio and a wide-angle camera. It is most suited for a small to medium size conference room (6 to 10 participants) and even for personal use. The Angekis Toledo AT-01 supports various audio and video conferencing softwares such as Skype, Gotomeeting and Zoom without the need to install any drivers, simply plug and play. It also can be used as an external microphone & speaker for your computer.

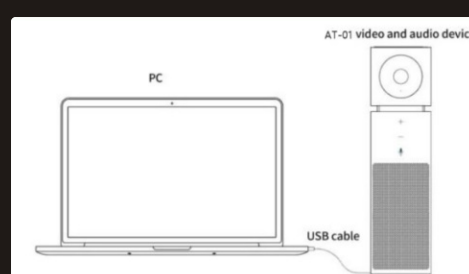

High quality video and audio experience

Equipped with a 1080P HD camera, the Angekis Toledo AT-01 provides users with high quality video streaming, high definition real-time synchronized screen, and an excellent audio pick up of up to 3 meters radius or 6 metres diameter. The microphone is omnidirectional with strong anti-interference abilities via echo suppression and noise reduction technology achieving a natural voice quality. The wide angle 120 degree video image provides crystal clear and smooth full HD streaming at 30fps.

Reduce team collaboration cost

The Angekis Toledo AT-01, provides a high quality compact all in one solution to video conferencing. It's the perfect VC workmate for small businesses, huddle rooms and the business person on the go.

Packing list: AT-01 master, USB cable, quick user guide, warranty card
